

Medication Therapy Management

Your Clinical Pharmacist, Ibrahim Fadeyi, PharmD, RPh, is available for pharmacy consultations to review all prescribed medications and over-the-counter and herbal products you may be taking to identify and address medication problems, such as: medications not being used correctly, duplication of medications, unnecessary medications, and the need for medication(s) for an untreated or inappropriately managed condition.

Dr. Fadeyi can then provide in-depth, medication-related education, consultation, and advice to help assure proper use of medications, collaborating with the patient, physician, and other health care providers to develop and achieve optimal goals of medication therapy. This consultation is ideal for members who have at least three chronic medical conditions and take at least five chronic maintenance medications per month. This consultation is offered to adult YourChoice Health Plan members at no cost to you.

Schedule your individual 60-minute Pharmacy Consultation at
manatee.timetap.com

MONTH	LOCATION
