2 | PLAN LEVELS

HEALTH PLAN LEVELS

The completion of specific Qualifying Events (QE) determines your plan level for the following year. All 4 plan levels have the same premium, prescription and LAMP benefits. The only difference among the 4 plan levels is level of reimbursement (deductible, coinsurance, out of pocket costs, etc.).

Ultimate Plan:

- Must be *non*-nicotine exposed for this plan level
- Highest Level of Reimbursement
- \$25 co-pay; no deductible; no co-insurance

Better Plan:

- Middle Level of Reimbursement
- \$500 deductible and 25% co-insurance applies

Best Plan:

- Middle to Highest Level of Reimbursement
- \$25 co-pay; \$250 deductible; 20% co-insurance (\$25 co-pay for office visit-not subject to deductible; \$250 deductible for any services outside of the Physician services performed during that visit.)

Basic Plan:

- Lowest Level of Reimbursement
- \$1000 deductible and 50% co-insurance applies
- **No QE requirements**

Children are only eligible for the Ultimate or Better Plan Levels. No Child Qualifying Events are required for the Better Plan.

WHY YOUR PLAN LEVEL MATTERS

If you're relatively healthy and only see your doctor for wellness exams and maybe one sick visit a year, you may think it's not worth your time to complete annual qualifying events. But consider this: according to the CDC, more than 20% of American's visit the emergency room each year. If you have an emergency, how much would you expect to pay? Consider John...

John is healthy. He is at a healthy weight, exercises several times a week, and doesn't smoke. One day, John finds himself in the hospital undergoing an emergency appendectomy which costs, on average, \$33,000. John didn't complete any qualifying events, which means he is in the basic plan level. After the surgery, John owes:

Deductible:	\$2,000 (Physician deductible + Hospital deductible)
50% Coinsurance max:	\$8,000 (Physician and Hospital Charges)
Total Due:	\$10,000 (which is the annual out of pocket maximum)

If John was in the Ultimate Plan Level, he would have \$0 deductible, 0% coinsurance, and \$0 due.

LAB WORK FREQUENTLY ASKED QUESTIONS

- 1. Why can't I get Qualifying Labs done in my Physicians Office or at a different Lab?**
A special process is needed in order for the Lab Work Results to be combined properly with the Blueprint Health Questionnaire. Therefore, only trained designated sites can conduct the Lab Work.
- 2. OTHER LAB WORK: Can I get other Lab Work done at the same time as my qualifying labs?**
YES. Additional Labs can be drawn at Quest. If your Physician needs additional labs, s/he will need to provide a lab slip. Please be sure Quest is aware that 2 separate lab orders need to be drawn.
- 3. What does my Qualifying Lab Work Include?**
The Manatee YourChoice Health Plan Blueprint FASTING Lab Work includes: CBC * CMP * Electrolytes * Liver and Kidney Function * Lipid Profile * TSH w/reflex to FT4 * Hemoglobin A1C * Cotinine (Measures Nicotine Level) * PSA for men age 45 and over * Microalbumin urine test for members with diabetes.
- 4. Do I need to FAST before my lab draw?**
YES. DRINK only WATER. Do not eat or drink anything EXCEPT WATER for at least 9 hours prior to your lab draw appointment.
- 5. Why aren't there any work-site lab draws?**
Due to low participation along with the added microalbumin test for diabetic members, work site lab draws are no longer available.

WELLNESS EXAM

Schedule your exam with your Primary Care Physician*. The wellness exam includes a physical exam along with a review of your lab work. You must take the Wellness Exam Form and your completed lab results with you to this appointment, unless you provided your physician's FAX# upon online scheduling of lab draw appt/EREQ order.

Wellness Exam Forms are posted on the website at manateeyourchoice.com/forms.

NOTE: YourChoice Health Plan covers one wellness exam per calendar year. It does not need to be 365 days since your last wellness exam. Ask your provider to call the phone number on the back of your insurance card to verify benefits.

*If you don't have a physician, call 941.741.2997 to schedule a YourChoice Wellness Center exam.

CHILD WELLNESS AND DENTAL EXAM

 - Members can choose to utilize Network or Out of Network Dentists. Network Dentists agree to accept the contracted rate for covered services. Out of Network Dentists are reimbursed the same amount as Network Dentists, however, they have the option to bill the patient for the difference between what the plan pays and their billed charge.

The child Wellness Exam Form is posted on the website at manateeyourchoice.com/forms.

YourChoice Health Plan utilizes the **AETNA CHOICE POSII (OPEN ACCESS)** Network. You are able to search by zip code and provider type (i.e. primary care, specialist, pediatrician), and narrow results based on factors such as gender, language, hospital affiliation, etc.

For help finding a network provider based on your needs, please contact our nurse advocates at 941.741.2963.

6 | AGE-BASED SCREENINGS

AGE-BASED SCREENINGS

Complete all required Age Based Screenings with appropriate providers and document on the Wellness Exam Form. Screenings are AAFP & ACS recommendations. Complete according to the age guidelines provided or as physician ordered.

NEW! Cologuard Offered as Alternative to Colonoscopy for QE Requirement:

The CDC has recently updated their recommendations to include Cologuard as an acceptable screening for colorectal cancer. Cologuard is a less invasive test that uses a stool sample to analyze the cells of the digestive tract. To stay current with this emerging test option, the Manatee YourChoice Health Plan has added Cologuard as an alternative to a colonoscopy for the Colorectal Screening Qualifying Event.

Talk to your doctor to determine the best colorectal screening for you.

BOTH MALE & FEMALE

- Skin Screening | Conducted annually during wellness exam
- Colorectal Screening | starting at age 50
 - Colonoscopy every 10 years | PLAN AHEAD – The entire process could take up to 3 months, start to finish!
 - OR, Cologuard every 3 years
 - OR, CT Colonography every 5 years | Precertification required, restrictions apply.

MALE

- Testicular Exam | Conducted annually during wellness exam

FEMALE

- Clinical Breast Exam | Annually
- Pelvic Exam⁺ | Annually
- Pap Smear^{**} | Every 3 years starting at age 21 or as recommended by physician
- Mammogram | Every 2 years starting at age 40, annually starting at age 50

**In some cases the pap smear may not be applicable. However, the physician must note the reason on the exam form.*

+Pap Smear and Pelvic Exams can be done by an OB/GYN or Primary Care Physician.

If the above screenings have already been completed according to the age guidelines given, you are not required to repeat.

**SUBMIT YOUR WELLNESS EXAM FORM TO YOUR INSURANCE COORDINATOR
BY AUGUST 31, 2018.**

No, Everyone must use their 2017 Qualifying A1C lab value.
- **How do I check what my 2017 Qualifying A1C value was?**
If you completed the Blueprint Health Questionnaire last year then your results can be accessed at www.manateeYourChoice.com >Benefit Login >Blueprint for Wellness. Otherwise, contact Florey Miller, Diabetes Educator, at 941.748.4501 x 6410 or fmiller@manateeyourchoice.com.

Using just one value taken at one time provides program consistency, eliminates discrepancies and places all members at the same starting point.
- **Are quarterly physician visits required if my 2017 Qualifying A1C was below 9.0?**
No. But if your A1C is not at goal, it is highly recommended.
- **Do I have to complete Diabetes Education if my 2017 Qualifying A1C was 7.0 or below?**

12 | TIMELINE FOR COMPLETION

DON'T WAIT UNTIL THE LAST MINUTE!

In order to complete all of your qualifying events before the August 31, 2018 deadline, you will need to plan ahead! We recommend the following timeline:

December 2017

- Call your doctor's office and schedule an appointment for early 2018. Keep in mind that YourChoice covers one wellness exam every calendar year (Jan - Dec), so even if you had an exam in July 2017, you can have one in March 2018 at no cost.

January 2018

- Log in to QUEST BLUEPRINT to complete the questionnaire. You should also create an EREQ for your lab work and make an appointment at Quest no more than 60 days before your wellness exam appointment.
- Do you have diabetes? If so, refer to pages 7 & 8 in this packet, and watch for a letter in the mail this month, to confirm your options for QE requirements and register for any classes you need to take. If you do not receive this letter by the end of January, contact our diabetes educator, Florey at 941.748.4501 x6410.

February 2018

- Call your provider(s) to make an appointment for any age-based screenings you need to complete. (ATTN LADIES: Most facilities do not require a referral for a routine mammogram; you can make an appointment yourself!)
- Do you have children? If so, don't forget to schedule their wellness exams and dental screenings, too!

March 2018

- If you are nicotine exposed, refer to pages 9-11 in this packet to determine what QE option you are going to complete and either register for a class or mark a date on your calendar to get started on another option.

April 2018

- Do you need a colonoscopy? If you have not yet made an appointment with your doctor to start the process, do that now (no referral required). The entire process can take 3 months!

May 2018

- Review your checklist. Make any remaining appointments, and register for any classes you still need for diabetes or tobacco QE.

June 2018

- Attend any final doctor appointments or classes.

July 2018

- Double check with any dependents on your plan to ensure their QE's are complete.

August 2018

- It's crunch time! If you're not done yet, DO IT NOW!
- If you have not yet submitted your paperwork, do so by August 31!

NOTE: Once everything is complete, review your wellness exam form. Make sure all information is complete and correct, and that doctor's signatures are included. Missing information could result in a lower plan level! Then, submit your paperwork to your insurance coordinator.

While the deadline is August 31, you should submit your paperwork as soon as it is complete.

All Qualifying Event information and forms are available at manateeyourchoice.com/QE
